20 Mark Feathers opposes the Receiver's request for the normal reasons outlined often in prior  
21 pleadings. The receiver's work continues to be clearly propaganda for his own benefit, as well as  
22 for the benefit of his steady employment referral source over the past decade, which is SEC.  
23 This person wishes the Court to take note of the fact that Seaman has neither posted his  
24 newest fee request on his website as of this date, which is now a week's time after they have  
25 submitted their request to the Court (see attached). Nor has Seaman notified third party investors  
26 of his newest request. This person has asked the Receiver's counsel to explain why investors are  
27 not notified and given a say in his fee request. The Receiver's counsel apparently feels no need to  
28 answer to issues such as this. His request should be declined.
